

EPARCHY OF MISSISSAUGA

For the Syro-Malabar Catholics in Canada

Safe Environment Compliance Report

The Eparchy of Mississauga is committed to providing each and every faithful in our church with a safe, nurturing, positive and respectful environment. The Safe Environment Policies and Procedures are there to help us in meeting this obligation. The Safe Environment Compliance Report is one of the vital tools to check on us whether we are actually adhering to our policies and procedures.

Instructions on how to fill Safe Environment Compliance Report:

1. On the front of the attached form, please list ONLY those people who perform HIGH RISK ministries in your Parish or Mission.
2. If in any instance, criminal record or vulnerable check are in progress but not yet received just indicate "PENDING" in lieu of a date. Record the date once you receive them.
3. Please use additional pages if necessary.
4. After completing the entries (if any) please sign the declaration form and send it to the Eparchy Administration Office by e-mail or fax. You should retain the original records and compliance report in your Parish or Mission office for pastoral/Safe Environment audit in the future.
5. If you have concerns or question, please contact the Safe Environment Committee, Eparchy Office directly.
